Registration for summer and fall 2017 opens on Friday, March 24 at 1:00 pm. All graduate business students will register themselves via Banner Self Service. No P.I.N. or registration number is required for graduate students to register for classes. Early registration is recommended, as summer classes fill very quickly. Students who are currently on academic probation are not eligible to register during the early registration period.

Class details, including days and times, are available for review now in Banner Self Service under the Student tab>Registration>Look Up Classes. The schedules available in Banner may not yet be finalized. All classes will be available for view prior to when the registration system opens on March 24 at 1:00 pm. Schedules are posted online on the CoB website at http://www.ecu.edu/cs-bus/grad/reg.cfm. These schedules are intended for use as a guide to show you an overview of all available classes in the upcoming terms. Information shown in Banner at the time of the registration may differ slightly from the printed schedule, so please verify that you are registering for the classes and section appropriate to your situation.

- All MBA classes (ACCT, FINA, MIS, MKTG, MGMT and OMGT) are offered online only during summer. CoB MBA classes that are offered face to face are always listed with a meeting day and time. The CoB does not list face to face classes with a TBA. TBA designates an online class for MBA classes.
- Classes for the optional certificate electives housed outside the CoB (COHE, PLAN, KINE, HMGT, INTL, and Security Studies) sometimes list TBA or TBD as the time and day the class is offered. This is truly a “to be announced/determined” day and time. This does not necessarily mean that these classes are online.

While the burden of choosing classes that most efficiently satisfy a student’s degree requirements rests solely with the student, advisors are happy to discuss class choices, schedules, electives, etc., and answer any questions. It is advised that students take advantage of their advisor’s expertise.

Graduate business student advisors are:
Andrea Fillipovich – MBA advisor for students with last names beginning A-G fillipovicha15@ecu.edu
Paul Russell – MBA Advisor for students with last names beginning H-N russellp@ecu.edu
Leonard Mansfield – MBA advisor for students with last names beginning O-Z mansfield16@ecu.edu
Dr. Dan Schisler – MSA Advisor for students with last names beginning A-L schislerd@ecu.edu
Dr. Joey Hagan – MSA Advisor for students with last names beginning with M-Z haganj@ecu.edu

Any MBA student wishing to make an advising appointment (in the office or via telephone) may do so by calling 252.328.6970. Anyone answering the phone can make the appointment as our calendars are electronic. MBA advising appointments are not scheduled via email.

MSA students should contact their advisor via their office phone or email address to schedule a meeting time.

Generic MBA and MSA program planning sheets can be found online here. Students receive a copy of their personalized planning sheet at the time of admission. Please be sure to record any core/foundation class waivers if generic planning sheets are used.

DegreeWorks (found under Banner Self Service) should show your degree plan accurately. If not, please contact your advisor.

Registration Instructions
Step 1: Login to PiratePort (http://pirateport.ecu.edu) with PirateID and Passphrase and select the Banner Self Service link from Tools page.
Step 2: Select the Student tab, then Select the Registration link.
Step 3: Select the Add or Drop Classes link. Select term, and select the Class Search link to look for courses.
Step 4: Choose the subject for which you are looking. You can choose to enter a course number, choose instructional method, instructor, time and/or day. If you want to see all graduate courses in a particular subject, enter “6%” (without
the quotes) as the course number.

Step 5: Once course criterion are entered, select the Class Search link at the bottom. This returns a list of all courses meeting the criterion you entered. Select the section you want by checking the box next to that section.

Step 6: After checking the appropriate section, scroll to the bottom and select the Register link.

Step 7: You will be taken back to your schedule to view it with the new class added. If there were any errors (pre-requisite, co-requisite, other restrictions), the error would display with your schedule and the course will not be added.

Step 8: Repeat steps 3-7 to add additional classes.

Step 9: To drop classes from your schedule page, use the drop down menu next to the course you wish to drop and select **Web Dropped**

Step 10: At the bottom, select the Submit Changes link and the course will be removed from your schedule.

Step 11: Verify that you have registered for the appropriate classes/sections once your registration session is complete. It is the student’s responsibility to register for the section that is appropriate to their situation.

Banner waitlists are available to students attempting to register for sections that are full to capacity. Instructions on how to use the waitlist function are included below. Students are not added to sections that are full to capacity. Faculty members do not have the authority to add students to their classes either. The waitlist function is the appropriate mechanism for classes that are full to capacity. The number of students already on the waitlist for each section will be shown in the ‘WL Act’ column.

10. Enter the CRN

11. Submit Changes

12. Click on the drop down box under ACTION. Note the number beside ‘Closed –’. In this example, there are 2 students already on the waitlist.

13. Click on Submit Changes
You are now on the Waitlist.

Students who are on a waitlist will be notified via their ECU email account if/when their name comes to the top of the waitlist. There will be a 24 hour window of time for the student to register for the available seat. The student can register for the available seat by logging onto Banner and changing the status of the waitlisted class from “Waitlist” to “Web Registered”. If the student does not register for the open seat during this time, the open seat will be passed onto the next student on the waitlist. The student will need to remove their name from the waitlist in order to place themselves at the bottom of the same waitlist. Banner will not automatically remove a student from the waitlist if their time expires.

Helpful Hints for Advising and Registration

Students with hold tags placed on their record will not be allowed to register. A hold tag is a device that prohibits students from registering for classes until the matter in question is resolved with the department that originally issued the hold. The most common holds are parking and Financial Aid. Students should make sure their records are hold tag free before registration by logging into their Pirate Port accounts (http://pirateport.edu.edu) and navigating to Banner Self Service>Student tab>Student Records>View Holds. **Students should check for holds now and again shortly before March 24, 2016. Students should not assume their record is clean – occasionally someone’s parking ticket (or other type of hold) is applied to the wrong person. Some holds can take between 24 and 48 hours to be removed, so be proactive on checking your record.**

Graduate students must be enrolled in at least five (5) semester hours to be eligible to receive financial aid during a spring or fall semester. Graduate students must be enrolled in at least five (5) semester hours across the three summer
sessions to be eligible for aid during the summer. Students must also be enrolled at these levels to be considered part

time and eligible for loan deferment.

If you choose to register yourself without seeking the counsel of your advisor, make sure you have reviewed your
remaining program requirements and pay special attention to what satisfies elective requirements. Take the time to
review the summer and fall 2017 schedules included at http://www.ecu.edu/cs-bus/grad/reg.cfm. Additional
information about elective requirements is included below.

There are two paths or choices that MBA students can pursue with electives in the MBA program.

Most students choose three general MBA business electives from the pool of elective classes offered within the College
of Business. Of the three required electives, at least one must be quantitative (ACCT 6301, FINA, MIS, or OMGT except
OMGT 6763) and at least one must be qualitative (MKTG or MGMT and OMGT 6763). The third may be either
quantitative or qualitative. Students cannot use certificate electives from certificates housed outside the CoB to satisfy
their general MBA elective requirements. Course descriptions, including electives, can be found online here.

Students who were undergraduate accounting majors must take four electives, instead of three, since they do not take
ACCT 6521. The quantitative and qualitative requirements are the same. The third and fourth electives can be chosen
from any of the business disciplines.

Some MBA students choose to pursue one of the optional certificates (formerly called concentrations), which can be
found online here.

The certificates require the student to complete four (Security Studies requires five) classes specific to the certificate
program and are used in place of the three general MBA business electives. Note that students must complete the
certificate program in its entirety to substitute certificate classes for the three-elective component of the
MBA. Students cannot use certificate electives from certificates housed outside the CoB to satisfy their general MBA
elective requirements. Classes from the finance, MIS, marketing and supply chain management certificate can be used
to satisfy the general MBA elective requirements.
